# INCREDI BLEACH

## Chlorinating Solution

*We Have the Solution!*

### 12.5% Sodium Hypochlorite

We offer our concentrated liquid chlorine bleach in several container sizes. Tanks, Drums and Jugs are available and we refill as needed. **Already have a tank or containers, we can refill them on-site or at our location (Recycling at its Best).**

Our bleach is E.P.A. registered and the gallon packs are NSF Certified to NSF/ANSI 60 for the purification of drinking water. The quality and freshness of our bleach is unsurpassed. **Our unique system of refilling on-site reduces or eliminates the need to handle and store empty containers along with the reduction in container deposit charges.**

We offer special pricing for full tanker and large volume users, please contact our office for special quotations.

3/1/2017
